Readers beware

As a public-service organization, we take our customers very seriously. So we were concerned to find that some readers have been receiving offers for subscription renewals or new orders from companies that are not authorized to market on behalf of CONSUMER REPORTS. And some have even inflated the price of the annual subscription. These companies go by several different names—Allied Publishers Services, Associated Publishers Network, Magazine Payment Services, National Magazine Services, and Publishers Billing Center, to name a few.

We, along with several other magazine publishers who have experienced similar problems, are looking into the matter and are anxious to get to the bottom of it. For renewal forms, the absence of an expiration date could mean you're dealing with an unauthorized marketer. And if there is an expiration date, it should match the expiration date on your magazine label. Also, check the fine print for cancellation fees, another red flag. CONSUMER REPORTS can't guarantee that third-party agents with whom we have no established relationship will send us the orders they've received.

You can help us by reporting any suspicious mailings (include samples if possible) to us via e-mail at letusknow@cr.consumer.org or by mail to Consumer Reports, Attn: Let Us Know, 101 Truman Ave., Yonkers, NY 10703.

Who we are

Consumer Reports is the world's largest independent consumer-product-testing organization. We also survey millions of consumers about their experiences with products and services. We're based in Yonkers, N.Y., and are a nonprofit organization.

What we do We buy all of the products we rate.
What we don't do We don't accept paid advertising; we get our money mainly through subscriptions and donations. We don't accept free test samples from manufacturers. And we don't allow our name or content to be used for any promotional purposes.

How to reach us Write to us at Consumer Reports, 101 Truman Ave., Yonkers, NY 10703-1057, attn: Customer Service.
