A Word from the Editor

We get a little wet this month, in our cover piece about buildings. Featuring a collection of otherwise unrelated buildings that share adjacency to oceans, rivers or lakes, the story suggested itself from our inbox... a serendipitous coincidence of watery inspiration. A few 'drier' examples of design, from a house in Tehran to a firm in Shanghai, and we jaunt across to Burgundy, France, for a tasteful, unconventional little conversion project. Talk about variety.
