## A Word from the Editor

Autumn is upon us, and that means a whole new season of design to herald. In this issue we include four very different focus pieces, from bucolic British Columbia to bustling Beijing for an intimate hostel. And a feature on building to teaching studies six projects that take different approaches to one of our more vital concerns. To round things off, we also include houses, shops, cafés, libraries, justice halls, museums, art studios and... well, you get the idea.
