2016

a new twist

A child is sliding down a modern, curved stainless steel slide in a brightly lit interior space. The slide is part of a larger architectural feature with a colorful, curved wall in the background. The child is wearing a striped shirt and dark pants. The slide is supported by a vertical metal pole. The background features a large, curved wall with a colorful, abstract design in shades of blue, red, and orange. The overall atmosphere is bright and modern.
